

Broxbourne and Modern Councillor

Borough of Broxbourne has recently begun offering Modern Councillor to its Councillors. Read what Councillor Bob Bick thinks of the e-learning service provided by Learning Pool.

Where did you hear about Modern Councillor?

My chief executive told me about the service. He saw Modern Councillor as a great way for me to complete my training needs without taking time away from my other responsibilities.

What course/s have you looked at?

So far I have looked at the course Working with the Media.

What do you think of the courses?

I found the course very helpful. It gave me great general knowledge on key areas of interest councillors.

I have already used some of the advice I learned from the course in my day-to-day work as a councillor.

In your opinion does this form of training have any benefits over classroom training?

Yes, I feel training online is a lot easier and more comfortable than classroom training.

There is no need to travel and the course I took had extra links throughout giving access to additional information.

I think e-learning just makes sense, especially for smaller topics. Thirty minutes online and you know everything you need..perfect!

Would you recommend Modern Councillor to another Councillor?

Yes, I recommend Working with the media, especially to new councillors.
