

Suffolk and Modern Councillor

Suffolk County Council has recently begun offering Modern Councillor to its Councillors. Read what Councillor Allyson Barron thinks of the e-learning service from Learning Pool.

Where did you hear about Modern Councillor?

I first learned about Modern Councillor from an article in Learning Pool's monthly newsletter, it gives me regular updates of all things new from Learning Pool and Modern Councillor.

What course/s have you looked at?

I initially looked at the Data Security course, since then I have been taking any courses which have caught my eye in Learning Pool's monthly newsletter.

What do you think of the courses?

The courses I have taken delivered everything I required and I loved the interactivity of the courses.

In your opinion does this form of training have any benefits over classroom training?

Absolutely, all training should be done this way!

This form of learning allows me to pick the training I need and want when I need it and more importantly at my own pace.

I am able to do training in between case work and diary appointments, something not possible before Modern Councillor.

Would you recommend Modern Councillor to another Councillor?

I certainly would. It gives you everything you need in one easy to access location.
