

Waveney and Modern Councillor

Waveney District Council has recently begun offering Modern Councillor to its Councillors. Read what Member Development Officer Lorraine Light thinks of the e-learning service provided by Learning Pool.

Where did you hear about Modern Councillor?

I was told about the service during a classroom based training course in my council. I heard about how I could now train online rather than in the classroom.

What course/s have you looked at?

I have looked at the Media, Your Role as a Councillor and Licensing and Regulation courses.

What do you think of the courses?

I believe they're an essential source of information for councillors.

Each course delivers a fantastic background knowledge to each of its given topics and is a practical tool for any councillor to use as a knowledge source.

In your opinion does this form of training have any benefits over classroom training?

Yes, I find the service very flexible. It's also a huge benefit for those councillors living in rural areas and those with certain chosen life styles.

I believe a blended approach to learning will become the norm in the future and Modern Councillor will hold a critical role as part of this approach.

Would you recommend Modern Councillor to another Councillor?

I would, especially for newly elected councillors.
