

Equality and Diversity

Modern Councillor, from Learning Pool, is a series of bite sized e-learning courses designed to help elected Members develop their skills through e-learning. Equality and Diversity is one of the courses in Modern Councillor.

Equality and Diversity is a subject matter to be taken seriously by councillors, officers and staff alike, all of whom have legal obligations to abide by the rules.

As visionary leaders of the communities they serve, councillors have to be seen to be actively working to deliver equality for all.

This course outlines the benefits that fully embracing equality and diversity can bring, as well as the consequences of not doing so.

The course defines what Equality is and what Diversity is and outlines the legislation relevant to both areas.

Course title:	Equality and Diversity
Course duration:	27 minutes
Course composition:	Difference yet equal (13 minutes) Recruitment (8 minutes) Surgery (6 minutes)
